SuperConstruct
Our Technology Advantage

At TX Sparks Construction, we do not just build projects — we build them with intelligence, transparency, and technology.

To ensure every project is delivered with precision, compliance, and financial clarity, we utilize **SuperConstruct,** our proprietary cloud-based construction and project management platform.

SuperConstruct is designed to digitalize, centralize, and automate every stage of the construction lifecycle - providing our clients with complete visibility and control.

How SuperConstruct Benefits Our Clients

Real-Time Project Visibility

- Secure cloud access available anytime, anywhere
- Live tracking of schedules, milestones, and progress
- Access to daily logs, photos, and videos
- Reduced need for frequent site visits
- Improved confidence through remote monitoring

Lower Owner Oversight Costs

- Structured and consistent project reporting
- Centralized documentation and records
- Built-in compliance tracking
- Financial transparency for owners
- Reduced dependency on third-party owner representatives

Financial Transparency

- Schedule of Values **(SOV)** tracking
- Digital **pay application** processing
- **Lien waiver** management
- Budget vs. **actual cost tracking**
- **Faster lender approvals** and fewer financial surprises

Compliance & Risk Reduction

- Tracking of Certificates of Insurance **(COIs)**
- Vendor and subcontractor compliance monitoring
- **Change order tracking** and documentation
- **Daily logs** with photo documentation
- Reduced risk exposure and improved owner protection

Centralized Communication

- **RFIs** managed in a single system
- Submittals and approvals centrally stored
- Change requests clearly documented
- All project updates recorded securely
- Elimination of email chains and version conflicts

AI-Driven Efficiency

- Intelligent, automated workflows
- Reduced manual and repetitive tasks
- Standardized documentation processes
- Improved accountability across all stakeholders
